Eco Social Development Organization (ESDO)

1. History of ESDO: Eco Social Development Organization (ESDO) started its journey in 1988 with a noble vision to stand in solidarity with the poor and marginalized. Being a peoples' centered organization, ESDO envisioned for a society which will be free from inequality and injustice, a society where no child will cry from hunger and no life will be ruined by poverty. More than three decades of relentless efforts to make this happen, ESDO has embraced new grounds and opened up new horizons to help the disadvantaged and vulnerable people to bring meaningful and lasting changes in their lives. During this long span, ESDO has adapted with the changing situation and provided the most time-bound services especially for the poor and disadvantaged. A community focused and people centered approach has been adapted by ESDO while consideration was given to the national policy and Sustainable Development Goals (SDGs) as its guiding principle.

ESDO is one of the most dynamic organizations expanding its development interventions across 273 upazilas under 49 districts of Bangladesh covering over 8.46 million poor and vulnerable people.

2. Executive Summery: Eco-Social Development Organization (ESDO) continuous its mended for holistic development of rural populations in the areas of livelihood, skill development, health, education, water and sanitation, nutrition, mother and child health care services, kitchen gardening, growth monitoring, immunizations, arsenic mitigation and the developing needs of marginalized people of Bangladesh from its inception 1988. At the same time ESDO has been continuing micro credit, social development, food security, disaster management, agricultural development, livestock, fisheries, water resources management, hazardous child labour reduction, counter trafficking intervention, human rights, adult education, child education, skill development activities for ensuring equitable society free from poverty in ESDOs working area.

ESDO managed mentioned programs in 2231 Unions, 129 Municipality, 272 upazilas under 49 districts & 7 City Corporation, 8 Division of Bangladesh, directly reaching more than 8.46 million poor and vulnerable people. Different need-based programs are aimed to enhancing the capabilities of deprived people in terms of social development, disaster facina, food security, agriculture, gender, nutrition, micro finance, health, environment, rights and governance, education and human development, and with empowering them to solve the problems that affect their lives and to cooperate with each other to resisting oppression and exploitation. The undertaking of such self-initiated and autonomous actions is an important achievement in a context where the deprived people are dependent for their livelihood and social security.

For last 30 years of development journey, ESDO has been serving with untiring efforts to bring forth and optimum development situation in Bangladesh. During this long span of time ESDO has been intent to adapt with the changing situation and provide the most time-fitting services especially for the poor and disadvantaged. The comprehensive software & hardware support package has been dedicated to ensure, skill development activities, social development, food security, disaster management, agricultural development, livestock, fisheries, water resources management, micro credit, hazardous child labour reduction, counter trafficking intervention, human rights, adult education, child education, health and nutrition, hygienic sanitation and personal hygiene for the grassroots people while focusing on community motivation and empowerment of people. A community focused and people centered approach has been adapted by ESDO while considering the national policy and Sustainable Development Goals (SDGs) as its guiding principle.

For the sake of bringing sustainable food security, skill development, livelihood development, ESDO provides demand-driven and bottom-up services, instead of supply-driven and top-down services, ensuring community participation in every step from planning, through decision-making to implementation and monitoring and follow-up as well as cost sharing by community people. Maintaining this process ESDO has succeeded in creating a sense of ownership of the programmes among the community. This approach has contributed greatly to the sustainability of the program success.

ESDO has made advocacy programmes having major components like ethenic minority rights, gender awareness and women rights, social mobilization, legal aid services, hazardous child labour reduction movement, disaster management, social assistance to Adibashis and extreme minorities, counter trafficking etc. along with various promotional activities.

15. Vision 2030: Reach out 10 million people directly in 51 districts with a particular target to poor and vulnerable of Bangladesh with our quality services by the year 2030.

16. Summary of the Strategic Plan: Our strategy of work encompasses achieving both United Nation's Sustainable Development Goals (SDGs) and Government of Bangladesh Development Agenda. The 2030 Agenda of Sustainable Development Goals (SDGs), adopted by the member states of the United Nations in September 2015, which are currently universal set of working goals to frame national policy and development agenda by members states over the years till 2030. These goals are built and expanded on achievements and learning of Millennium Development Goals (MDGs) that the world leaders adopted at the Millennium Summit in 2000.

While MDGs aim to reduce poverty and inequality, SDGs expand these and other international commitments on ending poverty and achieving equality everywhere, leaving no one behind. The 2030 Agenda for SDGs is integrated, indivisible and balance of three dimensions of sustainable development: economic, social, and environmental, and poverty eradication is stated as the overarching goal. The goals are global in nature hence, universally applicable. The SDGs comprised of a set of 17 universal goals to end poverty, protect the planet, and ensure prosperity for all. Each goal has specific targets and each target has specific set of indicators, thus there are a total of 169 global targets and 230 global indicators to be achieved by 2030 under current SDGs.

While our Vision and Mission squarely fit to the SDGs over arching goals, our primary strategy of work is to make significant contribution to as many targets and indicators of SDGs as possible within the scope of GoB policies and development agenda.

"Poor people First" is our notion; so we place "poor people and communities" and "Environment" are the central to our efforts and services. We belief if the communities and groups are empowered through building their capacity, they can bring sustainable improvements to their lives and livelihoods by themselves and can adapt with the changing world to prosper. Therefore, our theory of change mainly focuses on 2 aspects; i) capacity building of poor people with a particularly attention to women, young and disadvanced groups and ii) changes in systems that work for poor. "Quality Service" is our motto, so we make most of our efforts to ensure quality of services, while not undermining quantity and numbers.

Combining ESDO's Vision and Mission with SDGs and government development agenda we have developed and pursue a set of 6

strategic program priorities termed as "ESDO Program Goals" which outlined in the Table below:

Goals	Alignment with SDGs	Number of Ongoing Programs
Goal 01: No Poverty and Zero Hunger	SDG: 1 and SDG: 2	18
Goal 02: Good Health, Clean Water and Sanitation	SDG: 3 and SDG: 6	7
Goal 03: Education and Technical Vocational Training	SDG: 4, SDG: 8 and SDG: 9	17
Goal 04: Gender Equity, Child Protection and Promotion of	SDG: 5, SDG: 10 and SDG: 16	10
Human Rights		
Goal 05: Sustainable Communities, Climate Action and	SDG: 7, SDG: 11, SDG: 12 and	15
Promotion of Affordable Clean Energy	SDG: 13	
Goal 06: Innovation and Organizational Development		

- 17. Our Theory of Change (ToC): We believe that systemic and enduring change is possible when communities are able to initiate and drive their own development agenda. If they are empowered through building their capacity, they can bring changes in systems to access basic rights, services, and resources through working with government and other actors. They can also harness and grow their own resources and asset base. We therefore, invest in capacity building to enhance organized community-led initiatives to create a firm basis for sustainable development and social justice.
- **18. Our Monitoring, Evaluation, and Learning (MEL) system:** We have developed and deployed our own all-embracing robust Monitoring, Evaluation, and Learning (MEL) system as a management tool for real-time tracking of our progress in delivering services and achieving outputs and outcomes and capturing issues for immediate correction. Our MEL also provides insights whether the ongoing interventions and activities are being effectively in line with the operational guideline and expectation of the ESDO management and funders. Moreover, our in-house Management Information System (MIS) embedded with MEL that facilitates feedback process from all levels and provide information for prompt decision making.

We integrate evaluation process into project design and evaluate project's effectiveness at mid-term and/or end of project with unbiased valid methods. We value these evaluations through learning "what works and what does not, and why?"—and then applies the learning and findings in designing future projects and organization's future planning and strategies. We embed a MEL system in all projects to demonstrate our high level accountability by ensuring funds are used efficiently and effectively to achieve changes and impacts.

ESDO followed the Monitoring, Evaluation and Learning (MEL) system is used as a management tool to track ESDO inputs process, outputs and activities to monitor whether these are being in line within the operational guideline and expectation of the ESDO management. Moreover, ESDO has in-house MIS unit to track project progress effectively and efficiently.

20. Learning mechanism of ESDO:

We make sure that our valuable learning is not lost, rather effectively used in on-going and future projects and activities.

The events and tools we use for capturing sharing and learning are; (i) Learning sharing workshop (ii) Exchange visit (iii) Field visit (iv) Presentation of monitoring findings (v) Monthly and quarterly report (vi) Monthly staff coordination meeting (vii) Yearly learning reflection workshop (viii) Preparation of case study (ix) Evaluation report.

21. ESDO Community-Based Monitoring System (ECBMS): We value the feedback, solution of problems and new innovative ideas of community participants and make sure that "They have their say" in program planning, implementation and achievements. We ensure organized process of data collection and processing at the community level and integrate the findings and learning in community planning, program implementation and impact monitoring. Through this way, we ensure empowerment of communities while implementing programs.

We are implementing the ECBMS in the following way: i) Data collection and field checking ii) Data encoding and map digitizing, iii) Data consolidation and poverty mapping, iv) Data validation and community consultation, v) Database management, vi) project planning, implementation and monitoring and vii) Advocacy. We have 85 efficient & professional M&E personnel organization wide dedicated to ensure the guality of our services and inputs and outcomes.

ESDO implementing the ECBMS on the following way: Data collection and field editing ▶ Data encoding and map digitizing ▶ Data consolidation and poverty mapping ▶ Data validation and community consultation ▶ Database management ▶ Plan formulation ▶ Implementation and monitoring ▶ Advocacy. We have 85 efficient & professional M&E personnel continuing their tasks and assignment.

- 22. Our reporting: We prepare both external and internal reports which ensure high level of accountability by providing empirical evidence on results and achievements during and beyond the project life. We produce a wide variety of reports as scheduled in the project design and as required by the funders and government. Time wise it includes weekly, monthly, quarterly, and annual reports and by subject it covers administrative, situational, technical, research and financial reports. We also produce mid-term and end of project reports. In addition, we have internal regular reporting system to update the senior staff members regarding the progress in execution of activities and emerging issues in order to ensure timely effective implementation of projects. We also prepare occasional reports on especial events and capturing most significant changes (MSC).
- 23. Our Financial Management System: We emphasize the importance of a good accounting system. Substantial work has been done to improve the standards of accounts system. We follow International Accounting Standards (IAS) for our account keeping and International Financial Reporting Standards (IFRS) for all our final reporting. We maintain both accrual and cash basis accounting and follow the double entry accounting system. We keep accounts documents in both paper print and software form.
- **24. ESDO Internal Audit Team:** Financial management and procurement activities of all the projects are regularly audited by our internal audit team for ensuring transparency and value of money. A professional group of auditors regularly audit all the projects under the direct supervision of Executive Director. As per audit findings, the issues are met up accounting to their suggestions within required time-frame. The internal audit team again conducts follow up of improvements and standard practices.
- **25. ESDO External Audit Team:** In accordance with the relevant section of the constitution, the General Governing Body of ESDO appoints external audit firm yearly basis for overall auditing all sorts of accounts.
- **26. Evaluation:** We regularly evaluate our programs and projects through different time-frame. Mid-term evaluation and Final evaluation is mandatory for each and every program.
